CIO Reports On 3 State Ballot Items

Support of State Ballot Proposition 1, and recommendation for a "No" vote on Propositions 3 and 16 was urged today by the CIO-California Industrial Union Council.

Proposition 1, backed by the labor group, provides for a \$175 million bond issue to continue farm and home loans to California veterans.

Proposition 3, which does not have the support of the group, is a measure to create a Department of Alcoholic Beverage Control.

"It is a highly political measure produced by the Legislature which simply shifts power of political favors from the Board of Equalization to the Governor," Manuel Dias, president of the Council, stated.

Proposition 16, also opposed by the CIO-PAC, provides that any governmental agency, local, state or federal, that acquires property involving water control shall conform to California water laws. CIO charged this provision is a "hidden means" to prevent projects such as the Central Valley Project, with low-cost water and power.
